

RASOR User Workshop

CIMA Foundation Campus, University of Genoa, Savona, Italy
9 and 10 June, 2015

Agenda

8 June

19:00 Arrival of participants; informal drinks at NH Hotel Savona

20:00 Informal dinner at Osteria Bacco

9 June

8:45 Shuttle from NH Hotel to CIMA Foundation Campus

9:15 Introduction and welcome (Franco Siccardi and Roberto Rudari, CIMA Foundation)

9:30 Round table introductions

10:00 Overview of RASOR project (Roberto Rudari, RASOR Project Coordinator)

10:15 Scope and objectives of the workshop (Andrew Eddy, RASOR Project Manager)

10:30 Presentations from participating organizations (5 min each)

11:30 Coffee break

11:45 Guided demonstration of the RASOR platform (Lauro Rossi, Platform development Coordinator)

13:00 Case study objectives – Overview of the work exercises

13:15 Lunch

14:30 Break-out into group exercises

The users will work on some of the RASOR case studies, developing impact analyses on event scenarios in a multi-hazard framework. The RASOR platform will be used in order to evaluate hazard scenarios, characterize exposed elements, and assess direct damages linked to the chosen scenarios, with the general objective of dealing with specific problems linked to different phases of the disaster risk reduction cycle.

17:00 Shuttle returns to NH Hotel

18:30 The Fortress Priamar guided tour (walking distance from NH Hotel)

19:30 Hosted dinner at The Fortress Priamar (walking distance from NH Hotel)

10 June

9:00 Shuttle leaves NH Hotel

9:30 Group exercises (continued in same groups)

10:30 Preparation of presentations

11:15 Presentation back to group – Group 1

12:00 Presentation back to group – Group 2

12:45 Lunch

14:00 Feedback and discussion on RASOR platform

15:00 Presentation on RASOR Business Model (Altamira Information)

15:30 Discussion on next steps for RASOR development and extension

16:00 Roundtable feedback from participants – short declaration from each organization

16:30 Closing remarks (Roberto Rudari, RASOR Project Coordinator)
